

INFORMATION ON SAFETY MEASURES AT LAT FACILITIES IN GERMANY

As of: 11/23/2021

Dear Sir or Madam,

In the course of the Corona pandemic, extensive protective measures apply in our training centers, about which we would like to inform you in the following and kindly ask you to observe them.

- If you have symptoms of illness, please refrain from coming to our training centers.
- Accompanying persons, who are not exercising actively, have no access to our training devices at the moment
- Please mind social distancing and bear in mind that the minimum distances according the local regulations differ between Austria (2 m), Germany and Switzerland (1.5 m).
- The following 3G or 3G-Plus access regulations have been in effect at our locations in Germany since November 16:
 - o **At our German locations 3G is mandatory:** Customers, service providers, suppliers and trainers must be vaccinated, recovered or tested (**negative COVID-19 Antigen, RT-LAMP or TMA test**) every **24 hours** or **negative PCR Test every 48 hours**. Please note that a corresponding 3G certificate must be carried with you and controls will take place at our sites for this purpose in all locations.
 - o **For people who have been tested:**
The test has to be performed from an organization or institution which releases an official test certificate (for example test centers, pharmacies and so on).
 - o **For vaccinated persons:**
Proof of Covid 19 vaccinations in German, English, French, Italian or Spanish language in digital or paper form (for example: yellow WHO vaccination certificate). The vaccination must have been carried out with a vaccine listed on the website of the [Paul-Ehrlich-Institut - COVID-19 Vaccines \(pei.de\)](https://www.pei.de).
The last necessary vaccination must have been given at least 14 days ago.

- **For recovered persons:**
 - Proof of the positive PCR test result (in German, English, French, Italian or Spanish language) has to be at least 28 days old, but no older than 6 months.
 - Please note that controls will take place at our sites for this purpose in all locations.
- **LH Group employees are considered customers**
- In addition to the access regulations, there is also the **obligation to use FFP2/KN95 at all our training locations** in Germany and Austria.
- In addition to the access regulation, **please note as well the 3G or even the 2G rules may apply**. This applies at public transport, shops, airports and during the stay in our training centers.
- Please also check before your arrival whether any official requirements for wearing mouth and nose protection in public (e.g. shops or local public transport) apply.
- Please wash your hands as frequently and thoroughly as possible.
- Please sneeze or cough in to your sleeve/elbow, or cover your nose and mouth with a tissue.
- Please contact our local staff if someone shows any symptoms of an infection. Our staff is familiar with processes to follow regarding suspected cases.
- Please note that we may ask for certain contact information during check-in / registration at our facility. We may need those in case infections chains have to be retraced by authorities.
- Please be informed that local canteens or cafés may temporarily be closed or open with a limited offering. Our staff can provide you with information about the current opening hours.
- Please limit your stay in our training centers to a minimum duration.
- Furthermore, please notify us immediately, if members of your crew, who trained in our training centers within the last 14 days got infected with the Corona Virus. In this case, please inform your responsible Key Account Manager and in addition externalsalesteam@lat.dlh.de and ato.007@lat.dlh.de.
- Please note also the country specific Corona entry requirements.
 - Germany: <https://www.auswaertiges-amt.de/en/coronavirus/2317268>

Of course, we have also introduced measures to protect your trainees and to offer a training procedure that is safe and according to the best possible usual standards.

- We developed the taken measures involving specialists from nearly all training facilities and departments as well as our working council to ensure a safe training.
- All implemented measures are adhering to the respective legal requirements issued by authorities, as well as additional recommendations of Lufthansa Group medical team.

- All LAT personnel in contact with customers will wear a mouth-nose-protection in accordance with the local mask requirement.
- We regularly recheck cleaning intervals and scope to according to the training volume and the guidelines of the Lufthansa Group medical service.
- We offer disinfectant wipes in our full flight simulators as well as hand disinfection at several places in our training facilities.
- We try to keep the number of staff present as low as possibly without impairing our devices reliability.

Many thanks for your understanding and cooperation.

Kind regards,

Your team from Lufthansa Aviation Training
